		rks JSW Centre, OPP: MMRDA Ground, Bandra Kurla 51				
Ref:	Environmental Clearance granted to dated 29/11/2021.	JSW Steel Ltd vide no. IA-J-11011/489/2009-IA-II (INDI)				
Subject:	plant, 1490 MW CPP along with 2.2 M/s JSWCL, with a final configuration cement unit will remain for M/s JSW Transfer of 2 MTPA Slag Grinding W	of M/s JSW Steel Ltd, Vijayanagar works of 18 MTPA Steel MTPA Slag cement between M/s JSWSL, M/s JVML and on of 13 MTPA Steel, 1490 MW of CPP and 0.2 MTPA Slag STEEL LTD, Transfer of 5 MTPA Steel to M/s JVML and Unit to Existing 4 MTPA Slag cement plant of M/s JSWCL, nagallu, Ballari, Karnataka - Splitting of EC to M/s. JSW				
C:/Madam						
Sir/Madam,	This refers to your proposal no IA/KA/IND1/459265/2024 dated 20.01.2024 along with con- Addendum EIA report, Form – 12 [Application for Splitting of Environmental Clearance] and ce- compliance report seeking splitting of existing EC of JSW Steel Ltd, Vijayanagar works of 18 M Steel plant, 1490 MW CPP along with 2.2 MTPA Slag cement between JSWSL, JVML and JS with a final configuration of 13 MTPA Steel, 1490 MW of CPP and 0.2 MTPA Slag cement of remain with JSW STEEL LTD, Transfer of 5 MTPA Steel to JVML and Transfer of 2 MTPA Grinding Unit to Existing 4 MTPA Slag cement plant of JSWCL at Vijayanagar works, Torana Ballari, Karnataka under the provisions of the EIA Notification, 2006 for the project mentioned a Further, the PP has uploaded the information on portal on 1.04.2024.					
	2. The particulars of the proposal are as	below :				
	(i) EC Identification No.	EC24A1001KA5580178S				
	(ii) File No.	J-11011/489/2009-IA.II(I)				
	(iii) Clearance Type	Splitting of EC				

(iv) Category	А		
(v) Project/Activity Included Schedule No.	3(a) Metallurgical Industries (ferrous and non ferrous)		
(vi) Sector	IND1		
(vii) Name of Project	<ul> <li>Proposal for Split of existing EC of JSW Steel Ltd,</li> <li>Vijayanagar works of 18 MTPA Steel plant, 1490</li> <li>MW CPP along with 2.2 MTPA Slag cement</li> <li>between JSWSL, JVML and JSWCL, With a final</li> <li>configuration of 13 MTPA Steel, 1490 MW of CPF</li> <li>and 0.2 MTPA Slag cement unit will remain for</li> <li>JSW STEEL LTD, Transfer of 5 MTPA Steel to</li> <li>JVML and Transfer of 2 MTPA Slag Grinding Unit</li> </ul>		
(viii) Name of Company/Organization (ix) Location of Project (District, State)	to Existing 4 MTPA Slag cement plant of JSWCL at Vijayanagar works, Toranagallu, Ballari, Karnataka M/s. JSW CEMENT LIMITED Ballari,Karnataka		
(x) Issuing Authority	MOEF&CC		

3. As per the provisions of the Environment Impact Assessment (EIA) Notification, 2006, the above-mentioned project/activity listed at S. No. 3(a) Metallurgical industries (ferrous and non-ferrous) under Category "A" of the schedule of the EIA Notification, 2006 and being appraised at Central Level.

4. The proposal is considered in the  $56^{nd}$  meeting of the EAC for Industry-I sector held during  $14^{th} - 15^{th}$  March, 2024, wherein the Committee, after detailed deliberations, recommended the proposal. The minutes of the meeting and all the project documents are available on PARIVESH portal which can be accessed at <u>https://parivesh.nic.in.</u>

5. The details of the proposal are as per the EIA/EMP report submitted by the proponent. The Unit configuration and capacity after splitting are given at Annexure I. Project Information, EC Responsibility and Environmental Liability Matrix are given at Annexure II.

6. The EAC, in its meeting held during 14<sup>th</sup> to 15<sup>th</sup> March, 2024, inter-alia, deliberated the following:

i. M/s JSW Steel Limited (JSWSL) was accorded environmental clearance vide lr.no. EC21A008KA165146 dated 29/11/2021 for enhancement of production capacity of its Integrated Steel Plant from 16 MTPA to 18 MTPA located in Toranagallu Village Ballari District, Karnataka.

ii. The PP has not implemented some of the facilities as envisaged in the EC dated 29.11.2021 as detailed at relevant para above. Consent to Establish for said expansion project was accorded by KSPCB vide vide Consent order no CTE-332802 dated 17/08/2022.

iii. The instant proposal is for seeking splitting of existing EC of JSW Steel Ltd, Vijayanagar works dated 29.11.2021 between JSW Steel Limited (JSWSL), JSW Vijayanagar Metallics Limited (JVML) and JSW Cement Limited (JSWCL), with a final configuration of 13 MTPA Steel, 1490 MW of CPP and 0.2 MTPA Slag cement unit to remain with JSWSL, Transfer of 5 MTPA Steel to JVML and Transfer of 2 MTPA Slag Grinding Unit to JSWCL (in addition to existing 4 MTPA Slag cement plant) at Vijayanagar works, Toranagallu, Ballari, Karnataka due to restructuring of partnership arrangements as detailed in the relevant para above.

iv. The EAC, constituted under the provision of the EIA Notification, 2006 comprising Expert Members/domain experts in various fields, examined the proposal submitted by the Project Proponent in desired format along with EIA/EMP reports prepared and submitted by the Consultant accredited by the QCI/ NABET on behalf of the Project Proponent. v. The EAC noted that the Project Proponent has given an undertaking that the data and information given in the application and enclosures are true to the best of his knowledge and belief and no information has been suppressed in the EIA/EMP reports. If any part of data/information submitted is found to be false/ misleading at any stage, the project will be rejected and Environmental Clearance given, if any, will be revoked at the risk and cost of the project proponent. vi. The EAC also took into consideration the drone survey of the project site and kml file on the Google Earth presented by the project proponent along with DSS of the project site on PARIVESH and made following deliberations accordingly.

vii. The EAC also took into consideration the site visit undertaken by sub-committee of EAC (Industry-1) from 30.11.2023 to 02.12.2023 and the observations and recommendations made by the sub-committee in its report.

viii. The Committee also took into consideration the issues addressed by the project proponent based on the queries raised by EAC during the appraisal of previous applications which were returned in present form due to technical shortcomings and appraised the instant application accordingly.

ix. The EAC deliberated on the Certified Compliance Report (CCR) issued by IRO, MoEF&CC vide letter dated 16.11.2022 based on the site inspection carried out and noted that PP has not implemented the complete facilities as envisaged in the expansion project. The EAC also deliberated on the observations of IRO pertaining to partial/non-compliance of some of the EC conditions followed by the ATR submitted by the PP and the updated compliance along with the action plan and timelines for the CCR report submitted to EAC (Industry-1) during the 56<sup>th</sup> EAC meeting and is of the opinion that PP shall strictly comply with the conditions as per the action plan and within the timeframe as committed. No more extension of time period with respect to the non-complied specific conditions will be granted further.

x. The EAC noted that PP has submitted the requisite documents required for appraising the proposal for splitting of EC under the provisions of EIA Notification, 2006 and found that the proposal is in order.

xi. The EAC deliberated on the detailed addendum to EIA/EMP Report submitted by the PP including the salient features that will arise out of splitting arrangement such as project information matrix, raw material requirement, environment management plan, waste management, EC condition compliance matrix, environmental liability matrix etc. among the three entities along with the Environmental Appraisal Report submitted by the transferee entities i.e. JVML and JSWCL and found it satisfactory.

xii. The EAC deliberated on the comparative statement pertaining to pollution load assessment after the proposed change post splitting of EC and found it satisfactory.

xiii. The EAC deliberated on the budget spent to address the PH issues / socio-economic development presented before the EAC and found it satisfactory.

xiv. The EAC deliberated on the EC condition responsibility Matrix of JSWSL, JVML and JSWCL with respect to the EC conditions after splitting of existing EC and an undertaking submitted by M/s. JSWSL to comply with all the conditions stipulated in EC dated 29.11.2021, being a principal lessor and found it satisfactory.

xv. The EAC deliberated on the note submitted by PP outlining the operational status of the airport including the chronology of the permissions obtained and is of the view that PP shall ensure to operate the facility only after valid and requisite permissions required to operate the same.

xvi. The EAC opined that install the requisite number of CAAQMS linked with CPCB server at designated places as discussed during the meeting.

xvii. The EAC noted that JSWSL complex covers an area of 3234.2 hectares of land which is also mentioned in the EC dated 29.11.2021. However, considering several subsidiary companies operating within the complex for which PP has provided an area statement for all such subsidiaries, including a list and associated permissions, the EAC opined that the area of JSWSL shall be updated excluding all such subsidiaries and post splitting balance area and the EC shall be accorded accordingly with updated area details. Also, the EAC advised PP that they need to ensure that all such subsidiaries shall have relevant permissions related to land, EC/FC/CTE/CTO and associated permissions required to operate such facilities along with separate entry/exit gates.

xviii. The EAC advised PP to ensure that there shall be sign boards at prominent locations covering name, capacity and area of the operating units within the JSW Complex along with EC/CFO details.

xix. The EAC opined that as committed, PP shall comply with the condition for development and maintenance of greenbelt in at least 33% area of the JSW complex as principal lessor.

xx. The EAC also advised PP to widely publicize the executive summary of the EC split proposal and publish the split ECs in local newspapers.

xxi. The EAC also deliberated on the ADS reply of the project proponent and found it satisfactory.

xxii. The EAC noted that the Integrated Site Specific Wildlife Conservation plan (ISSWLCP) has been prepared for the whole JSW complex by JSW Steel Limited and this shall be applicable to all the Auxiliary companies. In this regard, the EAC is of the view that PP shall strictly comply with the directions of State Forest Department, obtain approval and implement the conservation plan as per the timelines.

xxiii. The EAC is of the opinion that all the three entities i.e. JSWSL, JVML and JSWCL shall undertake Village Adoption programme as committed.

xxiv. The EAC deliberated on the written submission of the project proponent and found it satisfactory.

7. The EAC, in its 56<sup>th</sup> meeting of Expert Appraisal Committee (Industry-1 Sector) held during 14th–15th March, based on information & clarifications provided by the project proponent and after detailed deliberations **recommended** the instant proposal for splitting of existing EC of JSW Steel Ltd, Vijayanagar works dated 29.11.2021 between JSW Steel Limited (JSWSL), JSW Vijayanagar Metallics Limited (JVML) and JSW Cement Limited (JSWCL), as per the details mentioned in the summary of the proposal above, subject to additional specific conditions at Annexure III.

8. The MoEF&CC has examined the proposal in accordance with the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and after accepting the recommendations of the Expert Appraisal Committee (Industry-1 Sector) hereby decided to splitting of existing EC of JSW Steel Ltd, Vijayanagar works dated 29.11.2021 between JSW Steel Limited (JSWSL), JSW Vijayanagar Metallics Limited (JVML) and JSW Cement Limited (JSWCL), as per the details mentioned in the summary of the proposal above under the provisions of EIA Notification, 2006 subject to specific conditions and general conditions at **Annexure III**.

9. The Ministry reserves the right to stipulate additional conditions, if found necessary at subsequent stages and the project proponent shall implement all the said conditions in a time bound manner. The Ministry may revoke or suspend the environmental clearance, if implementation of any of the above conditions is not found satisfactory.

10. Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of the Environment (Protection) Act, 1986.

11. Any appeal against this environmental clearance shall lie with the National Green Tribunal, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

12. The above conditions shall be enforced, *inter-alia* under the provisions of the Water (Prevention & Control of Pollution) Act, 1974, the Air (Prevention & Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 and the Public Liability Insurance Act, 1991 along with their amendments and Rules and any other orders passed by the Hon'ble Supreme Court of India / High Courts and any other Court of Law relating to the subject matter.

13. This issues with approval of the competent authority.

## Annexure 1

#### Specific EC Conditions for (Metallurgical Industries (ferrous and non ferrous))

### 1. Additional specific conditions

S. No	EC Conditions
1.1	All the other terms and conditions stipulated in environmental clearance vide letter no vide lr.no. EC21A008KA165146 dated 29/11/2021 shall remain unchanged.
1.2	The PP shall widely publicize the executive summary of the EC split proposal and publish the split ECs in local newspapers.
1.3	The PP shall strictly comply with the directions of State Forest Department, obtain approval and implement the Integrated Site Specific Wildlife Conservation plan (ISSWLCP) as per the defined timelines.
1.4	The PP shall ensure that there shall be sign boards at prominent locations covering name, capacity and area of the operating units within the JSW Complex along with EC/CFO details.
1.5	The PP shall ensure that all the subsidiaries within JSW Complex shall have relevant permissions related to land, EC/FC/CTE/CTO and associated permissions required to operate such facilities along with separate entry/exit gates.

S. No	EC Conditions
1.6	The PP shall install the requisite number of CAAQMS linked with CPCB server at designated places.
1.7	The PP shall ensure to operate the airport facility only after valid and requisite permissions required to operate the same.
1.8	M/s. JSWSL, being principal lessor shall be held responsible for compliance of all the conditions stipulated in EC dated 29.11.2021.
1.9	The PP shall strictly comply with the conditions as per the submitted action plan and within the timeframe as committed with respect to the partially/non-complied conditions as reported by IRO. No further extension of time period with respect to the non-complied specific conditions will be granted.

## Additional EC Conditions

1. This EC is granted subject to final outcome of Hon'ble Supreme Court of India, Hon'ble High Court, Hon'ble NGT and any other Court of Law, if any, as may be applicable to this project.

2. This EC granted to the project/ activity is strictly under the provisions of the EIA Notification, 2006 and its amendments issued from time to time. It does not tantamount/ construe to approvals/ consent/ permissions etc., required to be obtained or standards/conditions to be followed under any other Acts/Rules/Subordinate legislations, etc., as may be applicable to the project.
